## what is it?

Sustainability Month February 2003 is an opportunity to amplify your message of sustainability and reach further into the consciousness of the 'awakening mainstream' through one month of public events. Organisations and individuals working towards sustainability can use this month as a platform to collaborate, network and promote their work using an events calendar published on the website - [www.sustainabilitymonth.org](http://www.sustainabilitymonth.org).

## what can you do?

If you have activities in February ready to publicize or perhaps you would like to run a special event, please email [borders@borderlands.org.au](mailto:borders@borderlands.org.au) and CC [info@sustainabilitymonth.org](mailto:info@sustainabilitymonth.org) or phone Giselle or Jaya on 03 9412 7888 to express your interest.

## for more info:

Check out the online community at [www.mc2.vicnet.net.au](http://www.mc2.vicnet.net.au) for related links and resources, network using the chat rooms, noticeboards and many other communication facilities.
